13.	Appendix: Information on NUI Matriculation Requirements for holders of European and International Qualifications	28

1. National University Of Ireland

Ollscoil na hÉireann

The National University of Ireland was established by the Irish Universities Act, 1908. It was restructured under the Universities Act, 1997, and now comprises four Constituent Universities, two Recognised Colleges and other Colleges linked with the Constituent Universities.

1.1 NUI Constituent Universities

University College Dublin

University College Cork

National University of Ireland, Galway

Maynooth University

1.2 NUI Recognised Colleges

Institute of Public Administration

Royal College of Surgeons in Ireland

1.3 Colleges linked with the Constituent Universities

Burren College of Art

National College of Art and Design, Dublin

Shannon College of Hotel Management (now a School in the College of Business, Public Policy and Law at NUI Galway)

St. Angela's College, Sligo

1.4 Age at Entry to a Constituent University, Recognised or other Associated College

Students must normally have attained the age of seventeen years by 15th January following entry to a Constituent University, Recognised or other Associated College of the University. Where a candidate below that age seeks to enter an institution within NUI, special application must be made to the President/Director of the institution concerned.

1.5 Limitation of Entry to Faculties

As admission to most Faculties in the Constituent Universities, Recognised and other Associated Colleges is competitive, intending students should obtain from the Admissions Office of the College concerned a copy of the admission requirements and procedures. Fulfilling minimum Matriculation requirements does not ensure that students will be accepted automatically into any NUI university or college or meet the entry requirements for any particular course.

Note: *The faculties referred to in this booklet, in relation to matriculation requirements, are as provided in NUI Statutes. Structural changes in the Constituent Universities have over time had such an impact on matriculation requirements that students are advised to consult the entry requirements websites of the individual institutions for detailed information. Here is a list of these:*

University College Dublin

<http://www.ucd.ie/registry/admissions/>

University College Cork

Burren College of Art

<https://www.burrencollege.ie/programme>

2. Faculties/Colleges of the Constituent Universities, Recognised and Other Associated Colleges and Courses to which the Regulations apply

2.1 University College Dublin

Colleges of: Arts & Humanities; Business; Engineering & Architecture; Health & Agricultural Sciences; Science; Social Sciences and Law.

2.2 University College Cork

Colleges of: Arts, Celtic Studies & Social Sciences; Business & Law; Medicine & Health; Science, Engineering & Food Science.

2.3 National University of Ireland, Galway

Colleges of: Arts, Social Science & Celtic Studies; Business, Public Policy & Law; Engineering & Informatics; Medicine, Nursing, & Health Sciences; Science.

2.4 Maynooth University

Faculties of: Arts, Celtic Studies & Philosophy; Social Sciences; Science and Engineering.

2.5 Royal College of Surgeons in Ireland

Undergraduate courses in Medicine, Pharmacy & Physiotherapy, and related postgraduate courses in Health Sciences.

2.6 Institute of Public Administration

Undergraduate and postgraduate courses in the Faculties of Arts and Commerce.

2.7 National College of Art and Design

Undergraduate and postgraduate courses in Design, Education, Fine Art and Visual Culture.

2.8 Shannon College of Hotel Management

Undergraduate courses in the Faculty of Commerce.

2.9 St. Angela's College, Sligo

Undergraduate and postgraduate courses in Nursing, Health Sciences and Disability Studies; Education; and Home Economics.

3. Examinations and Subjects Accepted for Matriculation Registration Purposes

Students may satisfy Matriculation Registration Requirements as follows:

3.1 On the results of the Leaving Certificate examination:

All subjects of the current Leaving Certificate Examination are accepted for Matriculation Regulation purposes, with the following exceptions and qualifications:

- (i) Gaeilge – Bonnleibhéal (Irish – Foundation Level) will not be accepted for Matriculation Registration purposes
- (ii) Mathematics (Ordinary Alternative; Foundation Level) will be accepted for Matriculation Registration purposes, but not as a substitute for the subject Mathematics in courses for which the subject Mathematics is an entry requirement
- (iii) The Leaving Certificate Vocational Programme (LCVP) is not accepted as a subject for matriculation purposes. (LCVP may be included as a subject for points – full information is available from the Admissions Offices of the Constituent Universities, Recognised and other Associated Colleges).

Combination of Leaving Certificate results for Matriculation purposes

An applicant may combine the results of Leaving Certificate Examinations obtained in different years for Matriculation purposes. (This concession applies to Matriculation only; it does not necessarily apply to the admission requirements of the Constituent Universities, Recognised or other Associated Colleges).

In particular, it should be noted that students seeking to enter Medicine must achieve the minimum entry (Matriculation) requirements and minimum course entry requirements in the same sitting of the Leaving Certificate.

Combination of subjects not permitted:

- ▶ The subject Physics and Chemistry may not be presented with either Physics or Chemistry.
- ▶ Only two of the following subjects may be presented: History, Economic History (not available after 2005), Economics.
- ▶ Agricultural Economics may not be presented with Economics.
- ▶ Classical Studies may not be presented with Latin or Greek.

3.2 On the results of GCE and GCSE examinations

An applicant may combine the results of GCE/GCSE Examinations results obtained in different years, for Matriculation purposes. (This concession applies to Matriculation only; it does not necessarily apply to the admission requirements of the Constituent Universities, Recognised or other Associated Colleges).

In particular, it should be noted that students seeking to enter Medicine must meet the minimum entry requirements within the same examinations cycle.

Acceptance of GCE and GCSE subjects for Matriculation Registration purposes

All GCSE subjects are acceptable for matriculation purposes. However, certain restrictions apply in relation to the combination of GCE and GCSE subjects and not all GCE subjects are accepted for matriculation purposes. For further information and the list of GCE subjects acceptable for matriculation consult www.nui.ie/college. If a prospective student or a school wishes to have a subject considered for review and approval, they should contact NUI with details of the subject. Please note this process is lengthy so students should initiate the process at least 12 months in advance of application.

3.3 On the results of other examinations

A list of European and international qualifications accepted for Matriculation purposes is contained in the Appendix. Students wishing to complete Matriculation on the results of these examinations should view the Guideline Entry requirements for EU/EFTA applications in the Student Resources section at www.cao.ie. Queries should be addressed to the Admissions Office of the Constituent University, Recognised or other Associated College they wish to enter. The subjects passed and standards obtained must be in accordance with the course entry requirements. Holders of other qualifications not listed should also make contact with the Admissions Office of the NUI institution they wish to enter. See also Section 5.4 in connection with the International Baccalaureate Diploma, the French Baccalauréat and the Irish Language Requirement.

Note: The results of Leaving Certificate and GCE and GCSE examinations may not be combined for Matriculation purposes, except in the circumstances set out in section 6.3. In certain circumstances, candidates may combine the results of Junior Certificate with GCE/GCSE examinations for matriculation purposes. Candidates wishing to so do should contact NUI in the first instance.

4. Faculty/College Matriculation (Minimum Entry) Requirements

Note: The listing below provides a very general outline of faculty/college entry requirements in the various NUI Constituent Universities, Recognised Colleges and Associated Colleges and should be used only as a general guide. There are significant differences to be taken into account in relation to the Third Language requirement and also the Laboratory Science subject requirement. In general, a Third Language is not required for programmes in Science or Engineering but is required for most other programmes. However, there are some exceptions. Similarly, a small number of exceptions may be observed in relation to the Laboratory Science subject requirement, with some substitutions permitted. For more detailed information and specific subject requirements students should consult the entry requirements websites of the individual institutions. A list of these is given on pp 4-5.

4.1 Faculty/College of:

- ▶ *Arts*
- ▶ *Human Sciences*
- ▶ *Philosophy*
- ▶ *Celtic Studies*
- ▶ *Law*
- ▶ *Social Science*
 - (i) Irish
 - (ii) English
 - (iii) A Third Language accepted for Matriculation Registration purposes
 - (iv), (v), and (vi) Any three subjects accepted for Matriculation purposes not already selected

► *Commerce*

- (i) Irish
- (ii) English
- (iii) Mathematics
- (iv) A Third Language accepted for Matriculation Registration purposes
- (v) and (vi) Any two subjects accepted for Matriculation purposes not already selected

► *Agriculture*

► *Architecture (UCC)*

► *Engineering*

► *Food Science and Technology*

► *Nursing*

► *Science*

- (i) Irish
- (ii) English
- (iii) Mathematics
- (iv) A Laboratory Science subject* or in some cases a subject from the broader science group of subjects
- (v) and (vi) Any two subjects accepted for Matriculation purposes not already selected

► *Architecture (UCD)*

► *Medicine (including Dentistry)*

► *Veterinary Medicine*

- (i) Irish
- (ii) English

- (iii) Mathematics
- (iv) A Third Language accepted for Matriculation Registration purposes
- (v) A Laboratory Science subject*
- (vi) Any other subject accepted for Matriculation purposes not already selected

* The Laboratory Science subjects comprise: Chemistry, Physics, Biology, Physics with Chemistry, Agricultural Science.

For a number of programmes in Science and/or Engineering, Applied Mathematics, Geography, Technology are accepted in place of a Laboratory Science subject. Please check with the relevant university.

From 2020 the new subject Computer Science will meet the requirement for a Laboratory Science subject for matriculation for Science. While acceptable as a subject for general matriculation, it will not meet the requirement for a Laboratory Science subject for matriculation in Engineering.

- ▶ Students from outside the European Union presenting the results of examinations other than those of the European Union countries may substitute two recognised subjects for (a) Irish and (b) the language other than English. **(Students are advised to consult Constituent University, Recognised or other Associated College admissions literature for details of specific subject/course requirements.)**

4.2 Standard required

(i) Leaving Certificate examination from 2017 onwards

Candidates must obtain a pass in at least six subjects selected according to college/faculty requirements, with at least Grade H5 in two subjects on the Higher Level and at least Grade H7 (Higher Level) or O6 (Ordinary Level) in four subjects.

(ii) Leaving Certificate examination taken prior to 2017

Candidates must have obtained a pass in at least six subjects selected according to college/faculty requirements, with at least Grade D1 in two subjects on the Higher Level and at least Grade E (Higher Course) or Grade D3 (Ordinary) in four subjects.

4.3 Standard required for qualifications other than Leaving Certificate

(i) GCE/GCSE Examinations

Candidates must obtain a pass in at least six subjects, in accordance with Faculty/College requirements and obtain the following:

► GCE Advanced Level

At least Grade C in two recognised subjects (Grade A with Grade D or Grade E, or Grade B with Grade D are considered the equivalent of two Grade Cs).

► GCE AS Level/GCSE Level

At least Grade C in four other recognised subjects (GCE Advanced Level Grades A to D, E or O are accepted as GCSE O Level Pass Grades).

(ii) Other Examinations

The subjects passed and standard attained must be in accordance with the Faculty/College requirements set out above. (See the Appendix for a list of European and International Qualifications accepted for Matriculation purposes). For further information view the Guideline Entry requirements for EU/EFTA applications in the Student Resources section at www.cao.ie.

See also Section 5.4 in connection with International Qualifications and the Irish Language requirement.

5. The Irish Language Requirement

5.1 The basic requirement with regard to Irish

Candidates born in the Republic of Ireland (26 counties) must pass Irish, unless exempt. This requirement applies whether the candidate is presenting the Leaving Certificate or another examination for Matriculation.

5.2 Exemption from Irish for candidates educated outside the Republic of Ireland

Candidates born and fully educated outside the Republic of Ireland (26 counties) who are presenting qualifications other than the Leaving Certificate for matriculation are automatically exempt from Irish and do not need to make application to NUI.

5.3 Exemption from Irish for candidates educated in the Republic of Ireland

(i) Candidates born outside the Republic of Ireland (26 counties)

Candidates born outside the Republic of Ireland, and who are being educated within the Republic of Ireland, must complete Sections A and B of the Exemption Application Form and send this to NUI with a copy of their birth certificate.

(ii) Candidates born in the Republic of Ireland (26 counties)

- ▶ Whose primary education up to the age of eleven years was outside the Republic of Ireland (26 counties) or
- ▶ Who in the course of their primary and post-primary education combined, spent at least three continuous years outside the Republic of Ireland (26 counties) must complete Section A of the Exemption Application Form, have Section C of the Form completed and signed by the Principal/Head of their school and send the completed form to NUI.

(iii) Candidates submitting a Certificate of Exemption on the basis of a Specific Learning Disability affecting basic language skills in the mother tongue (Department of Education and Skills revision of Rule 46 ‘Rules and Programmes for Secondary Schools’ in relation to exemption from Irish (Circular letter M10/94 – 1(c)(i))

Any candidate who is granted exemption from Irish on this ground in school and who intends applying for a place in a Constituent University, Recognised or other Associated College, is required to send to NUI

- ▶ a completed Exemption Application Form (complete Section A and have Section D completed and signed by the Principal/Head of your school) together with
- ▶ a copy of the DES Certificate of Exemption, signed by the Principal/Head of the School where the certificate was issued and
- ▶ the relevant professional psychologist's report.

(iv) Candidates who have not received a DES Certificate of Exemption (see (iii) above) but who are certified by a professional psychologist as having a Specific Learning Disability affecting basic language skills in the mother tongue (viz. a dyslexic condition warranting exemption)

Candidates in this situation are required to send to NUI

- ▶ a completed Exemption Application Form (complete Section A and have Section E completed and signed by the Principal/Head of your school) together with
- ▶ a Certification Form signed by a professional psychologist (available from NUI) and
- ▶ the psychologist's report.

It should be noted that psychologists' reports certifying learning disability should be no more than three years old i.e. where candidates apply during the 2019/2020 academic year, reports should be dated no earlier than 1 September 2016. See also note at 6.2.

Candidates granted exemption from Irish in accordance with (iii) or (iv) above will also be granted exemption from the Third Language requirement.

Where the candidate intends to present another language (apart from English) as a Leaving Certificate subject, the rationale for presenting the other language, while seeking exemption from Irish on the basis of a learning disability affecting language skills, must be set out clearly and accompany the application for exemption.

5.4 It should be noted that:

- ▶ Applications for exemptions are considered on an individual basis and may be presented to the University at any stage following completion of the Junior Certificate
- ▶ Exemption Application Forms and Certification Forms (see (iv) above) are available from the National University of Ireland, 49 Merrion Square, Dublin 2 (tel. 01 439 2424) or may be downloaded from www.nui.ie/college
- ▶ Candidates who are exempted from Irish may present, as their sixth subject, any other subject accepted for Matriculation Registration purposes
- ▶ The criteria for the granting of an exemption from the NUI Irish and/or Third Language requirements are not the same as those for the Disability Access Route to Education (DARE). Therefore the granting of an NUI exemption does not mean that a student is automatically eligible under DARE
- ▶ Application for an NUI language exemption does not imply that application has been made to DARE; application to DARE must be made through the CAO

- ▶ Candidates born outside the Republic of Ireland (26 counties), or qualifying under 5.3 (ii) above, and who have been granted exemption from Irish, may nevertheless present Irish as a subject for Matriculation to fulfil the requirement to present a language other than English.

(This provision is mainly relevant to students from Northern Ireland, and to other students born outside Ireland who present Irish as a Leaving Certificate, GCE or GCSE subject).

It is essential for candidates intending to use Irish for this purpose to contact NUI so that their status in terms of fulfilling language requirements may be recorded.

- ▶ Candidates presenting for matriculation a qualification other than the Leaving Certificate, such as the International Baccalaureate Diploma or the French Baccalauréat, and whose primary and post-primary education has been in the Republic of Ireland (26 counties), will satisfy the Irish language requirement by presenting a pass (at least Grade O7 at Ordinary level) in the Leaving Certificate or Level B1 in Teastas Eorpach na Gaeilge.

6. The Third Language Requirement

6.1 Section 4.1 sets out the Faculties/Colleges where a Third Language, in addition to Irish and English, is generally required for matriculation. All languages available in the Leaving Certificate and all EU languages are acceptable for this purpose. Students are advised to check the admissions websites of the NUI institutions (listed on pp 4-5) to see whether a third language is required for entry to the specific programme(s) of their choice. See also 6.3.

- (i) Students born or educated outside Ireland may present Irish as a Matriculation subject to fulfil the Third Language Requirement. (See Section 5.4). This provision is relevant to students from Northern Ireland and also to other students born or educated outside Ireland who present Irish as a Leaving Certificate, GCE or GCSE subject.
- (ii) Hearing-impaired students (See Section 8).

6.2 Students with Dyslexic Conditions

Students granted exemption from Irish on the basis of a specific learning disability are also granted exemption from the third language. NUI will consider applications seeking exemption only from the Third Language requirement from students who are certified by a professional psychologist as having a Specific Learning Disability affecting basic language skills in the mother tongue (viz. a dyslexic condition warranting exemption). Such applications are considered on an individual basis, in the same way as exemptions from Irish and may be presented to the University at any stage following completion of the Junior Certificate. Applicants are required to send to NUI:

- ▶ a completed Exemption Application Form (complete Section A and have Section E completed and signed by the Principal/Head of your school) together with
- ▶ a NUI Certification Form completed by a professional psychologist and
- ▶ the psychologist's report

Exemption Application Forms and NUI Certification Forms are available from the National University of Ireland, 49 Merrion Square, Dublin 2 (tel: 01 4392424), or may be downloaded from www.nui.ie/college.

See also 5.3 (iii) and (iv) above in relation to Irish. Candidates granted exemption from Irish in accordance with these provisions will also be granted exemption from the Third Language requirement.

Notes: The NUI has been influenced by the Association for Higher Education Access and Disability (AHEAD) in accepting the following definition of dyslexia:

Dyslexia is one of several distinct learning disabilities. It is a specific language-based disorder of constitutional origin characterised by disabilities in single word decoding, usually reflecting insufficient phonological processing.

These difficulties in single word decoding are often unexpected in relation to age and other cognitive abilities; they are not the result of generalised developmental disability or sensory impairment.

Dyslexia is manifest by variable difficulty with different forms of language, often including, in addition to problems with reading, a conspicuous problem with acquiring proficiency in writing and spelling.

In general decisions of NUI on the granting of exemptions from Irish/Third Language are influenced by the following Department of Education and Science guidelines for Irish Language Exemption and State Examinations Commission Reasonable Accommodations in Examinations (RACE):

- ▶ *Literacy attainment at or below **10th percentile/SS 81**, significant discrepancy with general ability; two literacy abilities affected. Evidence of deficits in working memory and processing speed.*
- ▶ *Significant level of difficulty experienced by the student, with little or no compensatory strategies in place. Student is unaware of strengths and weaknesses and is struggling to a significant degree to cope with workload.*

- *Severe impact on ability to succeed. Student may or may not have received specialist tuition but it has been relatively ineffective. Student's written work not reflective of underlying cognitive ability to a significant degree.*

Students should be aware that the criteria for the granting of an exemption from the NUI Third Language requirements are not the same as those for the Disability Access Route to Education (DARE). The granting of an NUI exemption does not mean that a student is automatically eligible under DARE. Application to DARE must be made through the CAO.

6.3 Students from outside the European Union presenting the Leaving Certificate

The following special arrangements apply in the case of students from outside the European Union whose first language is a language other than English and who present the Leaving Certificate for Matriculation purposes. In general, such candidates will be required to present a language other than English for Matriculation.

Candidates in this situation may present a language in the Leaving Certificate or alternative certification in a language acceptable to the University. For example, examinations in non-European Union languages available at GCE/GCSE levels will be accepted as meeting this language requirement. In these circumstances, it is permissible for candidates to combine the results of the Leaving Certificate with the language result in the GCE/GCSE for purposes of matriculation. In the case of examinations other than the GCE/GCSE, applications are considered by NUI on an individual basis. Candidates are required to present original certificates or copies authenticated by a relevant authority.

It should be noted that in all cases students are required to present six Leaving Certificate subjects. In addition to contacting NUI Applicants seeking to use an alternative language examination combined with Leaving Certificate should notify the relevant Admissions Offices with their application number.

7. The English Requirement where English is not the First Language

All candidates are required to satisfy the English language requirement. Candidates whose first language is not English and who are presenting the Irish Leaving Certificate are required to attain a grade H7/O6 (or D3 in English pre-2017). Candidates presenting other qualifications may satisfy the requirement through any of the following:

7.1 NUI Certificate in English Language Studies

(awarded at Shannon College of Hotel Management)

7.2 University of Dublin (Trinity College)

English Composition (not English Literature) at Pass Level or above

7.3 UK Examining Boards/Bodies

- ▶ GCE O Level English Language at Grade C or above
- ▶ GCSE English Language at Grade C or above
- ▶ GCSE English Literature at Grade C or above

The following standard in English Language examinations set by certain Examination Boards – any one of:

- ▶ Assessments and Qualifications Alliance (AQA) C or above
- ▶ Oxford, Cambridge and RSA Examinations (OCR) C or above
- ▶ Edexcel Foundation C or above
- ▶ University of Cambridge Advanced Certificate, Grade B or above (CEFR Level C1 or C2)
- ▶ University of Cambridge Proficiency Certificate, Grade C or above (CEFR Level C1 or C2)

- ▶ International English Language Testing System (IELTS) Test Patterns A and B, with an average score of 6.5 over all components, and a minimum of 6.0 in each band
- ▶ University of Cambridge Local Examination Syndicate (UCLES) with English at grade C or above [incorporating the Oxford Examining Body's English as a Foreign Language (Higher Paper)]

Candidates presenting the Irish Leaving Certificate are normally expected to complete English as part of their examination programme. Applicants whose first language is not English and who wish to use an alternative proof of English should contact the relevant Admissions Office.

7.4 EU Countries' Matriculation Examination

Matriculation Examinations from European Union countries where English is presented as a subject and an acceptable level is achieved.

Where an English proficiency test which is scored on the Common European Framework of Reference (CEFR) is presented as part of a school-leaving qualification, the grade must be C1 or C2.

7.5 Norwegian Certificate of Upper Secondary Education

A score of 4 or higher in English in the First Part.

7.5 Hong Kong Education Examination Authorities

- ▶ Hong Kong Certificate of Education, English Language Syllabus B Grade C or better
- ▶ Hong Kong Examination Authority, Advanced Level Use of English Grade C or better

7.6 Sri Lankan National Certificate in English

Pass level or better

7.7 Other English Language Examinations

(i) **Test of English as a Foreign Language (TOEFL)**

A minimum score of 600 in the Test of English as a Foreign Language (TOEFL) administered by Princeton University, with a test of written English at 475+

(ii) **Pearson VUE – Pearson Test of English (Academic) – PTE Academic**

The minimum requirement is an overall score of 63 with no section less than 59.

(iii) **English Test for Academic and Professional Purposes (ETAPP)**

Minimum requirement grade C1 or better (CEFR Level C1 or C2)

It should be noted that these are the minimum requirements in English and that Faculties/Colleges may set higher requirements.

8. Matriculation for Hearing-Impaired Candidates

Students who are certified to the University by an appropriate professional authority as having serious hearing impairment are permitted to matriculate in six subjects as follows:

- ▶ Irish (courses taught through Irish only) or English
- ▶ Any other five subjects accepted for Matriculation Registration purposes provided faculty requirements are otherwise satisfied.

9. Matriculation on Mature Years

Students of mature years (i.e. students who are 23 years of age on 1 January in the calendar year of entry) may be matriculated by the University on the recommendation of the Academic Council of a Constituent University, Recognised or other Associated College for the purpose of entering on a course of study, in such Constituent University, Recognised or other Associated College, leading to a degree of the University. In the case of part-time degree courses, students of 21 years of age may be matriculated. Students are advised to consult the relevant Constituent University, Recognised or other Associated College admissions literature for additional information governing Matriculation Registration on mature years.

10. Matriculation on Completion of an NUI Access Course

Students who have satisfactorily completed an Approved Access Course in a Constituent University, Recognised or Associated College, or who enter the University through an Approved Access/Foundation Programme, may be matriculated by the University on the recommendation of the President of a Constituent University, Recognised or Associated College. Students are advised to consult the relevant Constituent University, Recognised or Associated College for additional information concerning Matriculation Registration on satisfactory completion of an Approved Access Course or Approved Access/Foundation Programme.

11. Matriculation for Holders of Quality and Qualifications Ireland (QQI) Qualifications

- (i) Matriculation will be granted to holders of qualifications at Level 6 and upwards of the National Framework of Qualifications awarded by HETAC or comparable NCEA qualifications.
- (ii) Holders of QQI-FET Level 5 or Level 6 awards with Distinctions in five modules, will be granted Matriculation for admission to degree courses in cognate areas.

Students wishing to complete Matriculation Registration on the results of the QQI-FET Level 5 or Level 6 awards should contact, in the first instance, the Admissions Office of the Constituent University, Recognised or other Associated College they wish to enter.

12. Information to Central Applications Office (CAO)

Implementation of the EU GDPR Regulations and Irish Data Protection Legislation has led to changes in arrangements for communication of exemptions between NUI and CAO.

New arrangements have been agreed with CAO, details of which will be posted on www.nui.ie.

13. APPENDIX/AGUISÍN

Information on NUI Matriculation Requirements for holders of European and International qualifications/*Eolas ar riachtanais Mháithreacháin OÉ do sealbhóirí cáilíochtaí an Aontais Eorpaigh agus an Dioplóma idirnáisiúnta:*
